

Walking With The Kid

Huey Lewis & The News

We're going out on Sunday Afternoon
We're gonna show the world what we're made of
Me and my buddy will be dressed to kill We'll cruise to the playground in the park
Gonna fool around 'til it gets dark
And if you think we'll carry it up you know we will And all of our secrets
You know we're gonna keep 'em in
When we get home they'll wanna know
Everything we did Walking with the kid
Walking with the kid We're known around the neighborhood
Yeah we got a real reputation
The bad guys all respect us 'cause we're family We're not afraid of anything at all
'Cause we can handle any situation
If my partner gets in trouble well it's up to me All our friends are envious
Though they'll never let it show
Sure enough later on
Everyone's just gotta know
Where we were, what we did Walking with the kid
Walking with the kid Walking with the kid
Walking with the kid Walking with the kid
Walking one on one
Walking with the kid
Walking, talking with my son Walking with the kid
Walking with the kid
