

It's Gonna Go Away

Korn

Fu, fu, fu, I got this bad cold and I got a life
I live it up, I live it up, it's gonna go away
I don't want this to go away, go away
I'm so scared, oh so scared I can't think of going on, we all crumble
We crumble under pressure, pressure
Pressure, pressure, it's gonna go away
Go live it up, we're livin' it up
