## It's Gonna Go Away

## **Korn**

Fu, fu, fu, I got this bad cold and I got a life
I live it up, I live it up, it's gonna go away
I don't want this to go away, go away
I'm so scared, oh so scaredI can't think of going on, we all crumble
We crumble under pressure, pressure
Pressure, pressure, it's gonna go away
Go live it up, we're livin' it up
