

# Brave New World

## Kings Of Convenience

Out in the dark  
(Walking in the rain)  
On a lonely street  
(Looking for the fire)  
Escaping the noise  
(Can you ever escape?)  
You can hear your thoughts  
(They're calling you a liar)

Out in the dark  
(Walking in the rain)  
On a lonely street  
(Looking for the fire)  
Escaping the noise  
(Can you ever escape?)  
You can hear your thoughts  
(They're calling you a coward)

A brave new world  
(It's all around)  
You're walking too fast  
(To be able to see it)  
Your wings are too small  
(To get off the ground)  
Truth is too close  
(For you to believe in)  
A brave new world  
(It's all around)

You're walking too fast  
(To be able to see it)  
Your wings are too small  
(To get off the ground)  
Truth is too close  
(For you to believe in)  
Too high, too low  
Too small to see  
Too fast, too closed  
Too scared to meet  
The world outside  
Your own mind

The world outside  
(The world outside)  
Too high, too low  
Too small to see  
Too fast, too closed  
Too scared to meet  
The world outside  
Your own mind  
The world outside  
(The world outside)  
Out in the dark  
Out in the dark  
Out in the dark  
Out in the dark
