Silver Morning

Kenny Rankin

And when I think of you
That's all I have to do
For the knowing that you're there
Is all I need

Ba Ba Ba Ba Ba Ba Ba Ba Ba Ba

I am walking through the Silver Morning
And I feel the music inside me Yeah
What did I find
Was it peace of mind
Gonna bring it home to you

Ba Ba Ba Ba...

You are moving through a sound so warm
The love that we have is an endless thing
What can I say?
When I need you more each day
Oh I wish you could be here
I wish you could be here alone
I wish you could be here

I am walking through the Silver Morning
And I feel the music inside me.....
