Different Now

Out Of Eden

Everything is different now
Look at me and you can see I've change somehow
You might think it's strange the way I hold it down
But I know (I know you want it)
And you know (I know you know)
I got what you need
My life is different now

Look and you and I can see you're wonderin how
Though you think it's strange the way I hold it down
Know I know (I know you want it)
And I know (I know you know)
I got what you need
Saw you drivin by just the other day

I was riding in my car and my hands were raised
By the way that I was rockin you thought I was bumpin Biggie or Jay
But I was steady spinnin Fred cause I could praise for days
You hollered at me
I was at the light
Said I was looking fly and asked what up tonight
I said I know you used to see me at the clubs til three

But I don't kick it like I did cause there's a change in me
Everything is different now
Look at me and you can see I've change somehow
You might think it's strange the way I hold it down
But I know (I know you want it)
And you know (I know you know)
I got what you need
My life is different now

Look and you and I can see you're wonderin how
Though you think it's strange the way I hold it down
Know I know (I know you want it)
And I know (I know you know)
I got what you need
Some of my girls I hadn't seen in a while
Saw them at the mall and we traded hugs and a smile

They said we hear you're doing well
You seem so confident
I told them that it wasn't me but it was heaven sent
I saw confusion in their eyes
Said I'm living right no compromise
I don't talk I don't dress like I did before

And if you give me just a minute I will tell you more
I am not the same, God has changed the game
Found that it's okay, I don't have to live that way
I am not the same, God has changed the game
You know it's okay, you don't have to live that way
