

# Don't Stop (funkin' 4 Jamaica)

## Mariah Carey

Do the thing  
Watch yourself  
Get on the floor  
Move your feet  
It ain't nothin' that you can do with the man  
Except for shake your ass, clap your hands  
Bob your head and move your feet  
I ain't the type of rapper just to ride a beat  
I set the track on fire  
I take the roof the house and knock out your tires  
It's the funk in here  
Let Mystikal move you and Mariah sing  
Don't stop, baby  
It's ecstasy  
(Watch yourself)  
Turn me up a little higher, baby, light my fire  
Tell me every little thing you wanna do  
(Do it again, do it again)  
I'm into you  
(Get on the floor)  
Don't stop, baby  
(Shake your ass, shake your ass)  
It's ecstasy  
(Party, shake the whole grill)  
Turn me up a little higher, baby, light my fire  
(Sing)  
Tell me every little thing you wanna do  
(Hey)  
I just wanna love you  
(Bob your head and move your feet)  
Heads up, look out it's 'bout to go down  
And what they didn't know about me then I bet they know now  
I'm 'bout to prove my fame  
So just get out the way and let me do it again  
It's on tonight  
I'm known to be more vulgar than the garbage truck, sucka  
You can't stop a train  
You ain't got no umbrella, so get your ass out the rain  
You ain't louder than this

I'm like a bowl of gumbo you ain't hotter than this  
I'm what they play in the club  
I keep them movin' till I leave that's what they payin' me for  
You already know what I do  
So have my money and my munchies and my cigars too  
I'm known for bringin' the heat, the heat  
Ain't nobody cuttin' up but MC and MT  
Don't stop baby  
(Shake your ass, shake your ass)  
It's ecstasy  
(Watch yourself, watch yourself)  
Turn me up a little higher, baby, light my fire  
Tell me every little thing you wanna do  
(Do it again, do it again)  
I'm into you  
(Uh, oh, uh, oh, get on the floor, get on the floor)  
Don't stop, baby  
(Move your feet, your feet)  
It's ecstasy  
(Party, shake the whole grill)  
Turn me up a little higher, baby, light my fire  
(Sing)  
Tell me every little thing you wanna do  
(Hey, hey)  
I just wanna love you  
(Li-li-ling)  
Go ahead and party  
Mix that with that dark but don't waste it on my Jordan's  
Keep laughin' till your mouth tired  
Go ahead and move somethin' up but take that cigarette outside  
Get on the floor  
It's another number one debut for sure  
Now say it ain't real  
And if I ain't a fool why you can't keep still sing  
I feel it, oh  
(Hey, hey)  
And I let it get into me  
(For sure, for sure)  
Jamaican funk that's what it was, oh  
(Dance, dance)  
Let it get into you  
(Watch yourself)  
Don't stop, baby  
(Clap your hands, clap your hands)  
It's ecstasy

(Get on the floor, get on the floor)  
Turn me up a little higher, baby, light my fire  
Tell me every little thing you wanna do  
(Party, party)  
I'm into you  
(It's on tonight, it's on tonight)  
Don't stop, baby  
(Shake your ass, shake your ass)  
It's ecstasy  
(Watch yourself, watch yourself)  
Turn me up a little higher, baby, light my fire  
Tell me every little thing you wanna do  
(Do it again, do it again)  
I just wanna love you  
(Get on the floor)
