If You Wanna Rock

[Lalaine](#)

Every time you feel you can't find a reason
Every time you don't know what to believe in
Every time you feel like you're too far gone
All you gotta do is turn your radio on[Hook:]If you wanna rock
If you wanna roll
Then you gotta let yourself
Let yourself
Let yourself let it goAny time it feels like you might be slippin'
Any time it feels like everyone's trippin'
Any time you feel like you're down on your luck
All you gotta do is turn your radio up[Hook][Bridge:]Radio come and save me tonight
Radio come and save me tonight
Radio come and save me tonight
Radio come and save me tonight[Hook]
