

These Four Walls

Sara Evans

Was it that long ago I was skipping to school with a lunchbox
Pigtails in my hair, where did the time go?
One minute I'm playing in the sandbox, how'd I get to here from there?
Making lunches and folding clothes
It's not the most glamorous life I know
But I've got so much more than most
I'm not famous but my kids think I'm a star
I'm not rich but I've made a million memories so far
I may not be a model but my man thinks I could be
Though I may not be from royalty but in these four walls, I'm a queen
I had it all planned, first I'd make it big in Nashville
Then take Hollywood by storm but it was in God's hands
'Cause there were three little lives that would need me
To one day be their mom and I wouldn't trade it for anything
Those movie stars don't have everything
And I know I'm right where I wanna be
'Cause I'm not famous but my kids think I'm a star
I'm not rich but I've made a million memories so far
I may not be a model but my man thinks I could be
Though I may not be from royalty but in these four walls, I'm a queen
I had to let it go but I have no regrets
'Cause I would have never known this kind of happiness
No, I'm not famous but my kids think I'm a star
I'm not rich but I've made a million memories so far
I may not be a model but my man thinks I could be
Though I may not be from royalty but in these four walls, I'm a queen
