

Champion (ft Chris Brown)

Chipmunk

Some people have to learn
Some people wait there turn
Some people have to fight
Some people give it up They wanna hold you back, tell 'em pee off
Whenever they say you can't, take the T off
I remember when they told me I couldn't be famous
Now my dream and reality is simultaneous And work your own way to the top
If they put you on a pedestal they can take you off
And there's a higher level than the top
You gotta make more, don't do with what you got Yeah, so get it in go sunny
Not everybody gets a second chance at getting money
Or even getting lucky so you gotta feel
The hunger in your tummy I'm always pushing myself to the limit
Making sure I stay ahead
You made me who I am, from the words you said Some people have to learn
Some people wait there turn
Some people but not me
I was born a champion Some people have to fight
Some people give their lives
Some people don't believe
I was born a champion
But I was born a champion
But I was born a champion This gon be the realest shit I ever wrote
Off the record, no camera's, forget a quote
Some of my family doing good, most doing dope
I from Virginia where they hang the n-ggas by rope I used to see my momma getting beat down!
Is that the real definition of me now?
I fell off, back on my feet now
Headed to the sky, can't even see down Award shows, I poured my heart out
And people still steady trynna point my flaws out
And I'd be lying if I said it ain't get to me
But I'm a champion, legend, history I'm always pushing myself to the limit
Making sure I stay ahead
You made me who I am, from the words you said Some people have to learn
Some people wait there turn
Some people but not me
I was born a champion Some people have to fight
Some people give their lives
Some people don't believe

I was born a champion
But I was born a champion
But I was born a champion Imagine you was the one, that couldn't get a look in
Couldn't get a booking
Couldn't get a push in when you needed a shove
Or your buttons they be pushing
So now they tryna shush him
It's only you believing in you
They turn you into a bastard than moment you rude
Attitude a little out of tune
But that's how champions move
Yeah so go and get it in sunny
Not everybody gets a second chance at getting money
Or even getting lucky

So you gotta feel the hunger in your tummy I'm always pushing myself to the limit
Making sure I stay ahead

You made me who I am, from the words you said Some people have to learn
Some people wait there turn
Some people but not me

I was born a champion Some people have to fight
Some people give their lives
Some people don't believe

I was born a champion
But I was born a champion

But I was born a champion No-one wants to help
I guess you're on your own

Build a foundation with the bricks they throw
In a black and white World, True colors show
Change if you want, everybody grows
Life's like an ill, but try and get a hold

Opinions ain't fact, take em and let em go You made me who I am from the words you said Some people have to
learn

Some people wait there turn
Some people but not me

I was born a champion (champion) Some people have to fight
Some people give their lives
Some people don't believe

But I was born a champion Some people have to learn
Some people wait there turn
Some people but not me

I was born a champion (champion) Some people have to learn
Some people wait there turn
Some people but not me
I was born a champion

But I was born a champion
