

Drive South

[John Hiatt](#)

I didn't say we wouldn't hurt anymore
That's how you learn, you just get burned
We don't have to feel like dirt anymore
Though love's not earned, baby it's our turn We were always looking for true north
With our heads in the clouds, just a little off course
But I left that motor running
Now if you're feeling down and out Come on, baby, drive south with the one you love
Come on, baby, drive south with the one you love I'm not talkin' 'bout retreatin' little girl
Gonna take our stand, in this Chevy van
Windows open on the rest of the world
Holdin' hands, all the way to Dixieland We've been tryin' to turn our lives around
Since we were little kids, it's been wearin' us down
Don't turn away now darlin' let's fire it up and wind it out Come on, baby, drive south with the one you love
Come on, baby, drive south with the one you love Now I heard your mama callin', I think she was just stallin'
Don't know who she was talkin' to, baby, me and you
We could go down with a smile on, don't bother to pack your nylons
Just keep those pretty legs showin', it gets hot down where we're goin'
Better for you, baby We were always looking for true north
With our heads in the clouds, just a little off course
Oh, I left that motor running
Now if you're feeling down and out Come on, baby, drive
Come on, baby, drive south with the one you love
Come on, baby, drive south with the one you love Come on, baby, drive, come on, baby, drive south
Come on, baby, drive south with the one you love
Come on, baby, drive south with the one you love
