

# Woe Is Me

## The Walkmen

There's a girl that you should know  
She was mine not so long ago  
Had my number and we fell in love  
She put me under and I got lost  
Lost my nerve and I lost my head, just about everything I had  
Washed out and I  
I couldn't see my hand in front of me.Woe is me  
Woe is meHey do you want to walk with me  
By the trees and the factories?  
Hey do you want to hop the fence?  
In the sleepy red sunset  
There's a girl that you should know  
She was mine not so long ago  
Had my number and we fell in love  
She put me under and I got lostWoe is me  
Woe is me  
Woe is me  
Woe is meNow the street light bright and pale  
As we sip our ginger ale  
I kiss you by the blinking signs  
Don't get heavy, let's be lightOn and on our merry way  
On and on our merry way  
On and on our merry way  
On and on our merry way
