

# I Don't Trust Myself

Sara Evans

I wanna call you up  
But if I call you up I'm gonna hear your voice  
And if I hear your voice  
I'm gonna wanna give in and if I give in  
I'm gonna get in my car  
And if I get in my car I'm gonna come on over  
But if I come over baby it's all over  
One thing always leads to another I don't trust myself  
No oh oh  
I don't trust myself  
No oh oh  
I wanna pour this wine  
But if I pour this wine it's gonna go to my head  
And if it goes to my head  
I'm gonna think about you  
And if i think about you it's gonna break my heart  
And if it breaks my heart I'm gonna want you to hold me  
So damn this heart put the cork in the bottle  
One thing always leads to another I don't trust myself  
No oh oh  
I don't trust myself  
No oh oh  
I don't trust myself  
One thing always leads to another  
One thing always leads to another So maybe I'll just close my eyes  
Maybe if I close my eyes  
I'm gonna wanna call you up  
But if I call you up I'm gonna hear your voice  
And if I hear your voice I'm gonna wanna give in I don't trust myself  
No oh oh  
I don't trust myself  
No oh oh  
Everything that I do leads me right back to you I don't trust myself  
No oh oh  
One thing always leads to another  
One thing always leads to another I don't trust myself  
No oh oh  
I don't trust myself  
No oh oh
