# O.K. Fine

## Clover the Girl

I, I'm not sleeping, no
Nightmares wanna keep me up
Oh I, cannot seem to find
My off switch when I need it most

My days yeah they're cold and long
Singing songs til I get to the other side
Where the wrong things feel right

Oooooh, I'm burning the candle now at both ends
I'm caught in the fire

I tell them yes I'm okay
I tell them yes I'm doin' fine
Oh no it ain't so easy feelin' crazy all the time
I tell them yes I'm okay
I tell them yes I'm doin' fine
Oh no it ain't so easy livin' when you've lost your mind

If anybody asks yeah I'm okay
If anybody asks I'm fine
If anybody asks yeah I'm okay
If anybody asks I'm fine

Keep, keepin' my mouth closed
Lips locked, hold my tongue, won't speak
How deep all these symptoms flow
So low but I'll make it through these nights

Yeah they're short and worn
Heavy hearts yeah they float in the shallow end
Where the wild things make sense

Oooooh, I'm burning the candle now at both ends
I'm caught in the fire

I tell them yes I'm okay
I tell them yes I'm doin' fine
Oh no it ain't so easy feelin' crazy all the time
I tell them yes I'm okay

I tell them yes I'm doin' fine
Oh no it ain't so easy livin' when you've lost your mind

If anybody asks yeah I'm okay
If anybody asks I'm fine
If anybody asks yeah I'm okay
If anybody asks I'm fine

If anybody asks yeah I'm okay
If anybody asks I'm fine
If anybody asks yeah I'm okay
If anybody asks I'm fine

I'm burning the candle now at both ends
I'm caught in the fire...

I tell them yes I'm okay
I tell them yes I'm doin' fine
Oh no it ain't so easy feelin' crazy all the time
I tell them yes I'm okay
I tell them yes I'm doin' fine
Oh no it ain't so easy livin' when you've lost your mind

If anybody asks yeah I'm okay
If anybody asks I'm fine
If anybody asks yeah I'm okay
If anybody asks I'm fine

If anybody asks yeah I'm okay
If anybody asks I'm fine
If anybody asks yeah I'm okay
If anybody asks I'm fine

(Tell 'em I'm okay)
Yeah I'm okay
(Tell 'em I'm okay)
I'm fine
(Tell 'em I'm okay)
Yeah I'm okay
(Tell 'em I'm okay)
I'm fine
