Onion Ring

Sexy Sadie

I don't have enough, I need too much of you.
I've been so lazy, I've been lying on the grass...
looking at the stars, how could I reach to you?
I feel like going... feel like going there with you...
I wish I could 'cause we're swimming on the same sea,
shining on the same stars, like dolphins on the sea!
I think that you are the best thing... I promise
You're the only one, You're the best I ever had.
I cannot hide that I'm in love with you,
and I don't want you to go!
Yes I'm sorry!
I wanna ask you sorry!
Put the gun in my hand and I'll free you again.
I'm moving out with my worries!
Yes I'm sorry!
I wanna ask you sorry!
Put the gun in my hand and I'll free you again.
I'm moving out with my worries!
