Blue Eyes

Ladyhawke

Leave behind all the mess that youve made
And never ever do it again
Balance out all the love that you saved
You will need it to the bitter endAnd now that you realize
Youve seen it in my blue eyes, my blue eyes
Theres nothing more I can do but sing you:
La-la la-la-la la-la-la-la la-la-la, la-la-la-la la-la-la [2x]Make your run, make a fool of yourself
Youre an accident thats waiting to happen
Lifes so short, so forget all the past
Itll be there till the bitter endAnd now that you realize
Youve seen it in my blue eyes, my blue eyes
Theres nothing more I can do but sing you:
La-la la-la-la la-la-la-la la-la-la, la-la-la-la la-la-la [4x]And now that you realize
Youve seen it in my blue eyes, my blue eyes
Theres nothing more I can do but sing you:
La-la la-la-la la-la-la-la la-la-la, la-la-la-la la-la-la [4x]
