The Fags

Take it once more from the top, let's try and get it right. I don't care if it takes us all night. I just wanna hear us sound like the song that's in my head; something to look back on when we're gone (not to say we're going somewhere). I swear, I've heard that one before. Don't get in my way, I know where I'm going. I'm on my way... Hell, I know I've let you down. Don't act so surprised. I don't get the look in your eyes. I just want to know, did you have a swinging time? Something to look back on when we're gone (not to say we're going somewhere)? I swear, I've heard that one before. Don't get in my way, I know where I'm going. I'm on my way home.
