

Like Nothing Else

Billy Ray Cyrus

Sometimes I catch myself staring
When you don't know I'm looking
I still can't believe how lucky I got
Everywhere I look I see
A lot of the same ole same thing
But baby, you were different from the start
I thank God each day
That I get to hold an original
CHORUS:
Baby, you're like nothing else
The closer I get the more I can tell
I could look all my life
And never find a woman like you
Your smile, your eyes, your touch, your kiss
They're all like fingerprints
You're one of a kind, A moment in time
You're like nothing else
The way you talk, the way you think
The way you love me crazy
The way you get to me like no one has before
You could get away with murder
When you look at me that way
When I think I've seen it all you show me more
When you get this close
It's easy to know the difference (REPEAT CHORUS TWICE)
