Corduroy Road

Barn

Sometimes you're up
Sometimes you're down
Sometimes fate can kick you around
When it's winter up here
It's summer down under
Sometimes clear skies
Sometimes thunder
Life is a Corduroy Road
Life is a Corduroy Road
Well me and my honey
And my 61 'vette now
I had to sell everything else
To get out of debt now
I always dreamed about
Cruisin' down Route 66 yeah
Well I finally got to do it
But there ain't much left now

Life is a Corduroy Road
Life is a Corduroy Road
What's goin' on
As you get a little older
Feel a little bolder
Got no time to lose
Who wants to die
With a quiver full of arrows
Pull the string back now
Let'em all loose, yeah
Life is a Corduroy Road
Life is a Corduroy Road
Life is a Corduroy Road
Life is a Corduroy Road
That's right
Look out now
