

# At Your Inconvenience

## Professor Green

I'm back  
Like I never left  
I'm here at your in-convenience  
I'm back  
Like I never left  
I'm here at your in-convenience  
(So Steve, Steve. Where did you grow up?  
Upper Clapton, Hackney  
(How old were you when you first started rapping?)  
I was 18  
(Who are your major influences?)  
Are you serious?  
Your Mum  
I ain't answering anymore of your questions  
You know what?  
I have a question  
Hmm  
Whose idea was it to get in the charts  
By rhyming over Hungarian dance mu-sic  
And why would I make dance mu-sic  
When I can't dance to it?  
I'm the anecdote to that shit  
Bringing back this rap shit  
Soon as I'm done calling this bulimic-a-fat bitch  
I'll be saving the day and renegade with a dog  
Playing fetch  
Watching him chase a grenade (pow)  
Maybe I should play the same game with Bruno  
If I ever again get mistaken for a Cluedo  
Character  
I'm gonna have to unleash some amateur judo  
I just took a shit and now I can't find any loo roll  
Two flows  
For everyone that you got  
Too hot  
I do squat  
Diddily  
And do more than you do when you do lots  
Do lots

Do women do for me what they do not do for you?  
Maybe it's got something to do with my new watch

That's it!

(I'm back)

I'm back

(Like I never left)

Like I never left

(I'm here at your)

I'm here at your

(In-convenience)

In-convenience

(I'm back)

I'm back

(Like I never left)

Like I never left

(I'm here at your)

I'm here at your

(In-convenience)

In-convenience

I have a question

Why would I beat around the bush or take the scenic route?

When I'm a meanie

Born to instigate fumes

I'm the morning, midday and evening news

And I started a trend

Mike got his teeth fixed too

(Mike Skinner)

If you're wondering where I've been at

Kicked back with a six-pack

Of becks on a bench

Sunbathing in a hijab

Give me a Tic-Tac

I just had a pack of Nik Naks

Thanks

Now I'll turn you into a kebab with my pick-axe

Mish, mash, mosh-pit

Whenever I drop shit

It's hot shit

I just won a race with an ostrich

Obnoxious, preposterous, looney, a damn nutter

If I ever see Rooney anywhere near my Grandmother (ah!)

I live life without an ounce of logic

I like my wrist so much

I spent a house deposit on it

Vomit and then I drink more wine  
Then I broke a bowl  
And hope the Hospital gives me morphine  
How do you spend your time?  
(I'm back)  
I'm back  
(Like I never left)  
Like I never left  
(I'm here at your)  
I'm here at your  
(In-convenience)  
In-convenience  
(I'm back)  
I'm back  
(Like I never left)  
Like I never left  
(I'm here at your)  
I'm here at your  
(In-convenience)  
In-convenience)  
I don't have a question  
Nope  
When it comes to competition  
I'm burying them  
Better to bury them  
Then have them getting lairy again  
They want it with me like they want it with malaria  
Like Wayne Bridge wants to be John Terry'd again  
I developed an obsession with Caroline Flack  
I wouldn't mind having a go on Caroline's-  
Actually  
I promise to never be so vulgar  
To never mention putting my cobra inside of Anna Kournikova  
I swear  
(I'm back)  
I'm back  
(Like I never left)  
Like I never left  
(I'm here at your)  
I'm here at your  
(In-convenience)  
In-convenience  
(I'm back)  
I'm back  
(Like I never left)

Like I never left  
(I'm here at your)  
I'm here at your  
(In-convenience)  
In-convenience  
I think I've got it out of my system now  
(You sure?)  
I am once again ready to answer questions  
(Good, cause there's so much I've been wanting to ask you)  
About 8 inches  
(What?)
