Way Down Deep

Jennifer Warnes

Written by Leonard Cohen and Jennifer Warnes
Way down, way way down
Way way down deep
You've got me way down, way way down,
Way way down deep
You're got me way down, way down deep
I wander with you in my sleep
I'm way down, way way down,
Way way down deep
It came to me this morning
I was walking down the street
Was like my soul could taste you
And God, you tasted sweet
Finally I can breathe again
Finally I can speak
I've got you in the glory place
I've got you way down deepI've got you way down, way way down,
Way way down deep
You're got me way down, way way down,
Way way down deep
You're got me way down, way way down,
I wander with you in my sleep
I'm way down, way way down,
Way way down deepIt's a funny feeling
But I cannot say I mind
I know that I'm dealing with
A love that's far from blind
I see every single angle
I look before I leap
And how else can I put it
When you're got me way down deepYou've got me way down, way way down,
Way way down deep
You've got me way down, way way down,
Way way down deep
You've got me way down, way down deep
I wander with you in my sleep
I'm way down, way way down,
Way way down deepDon't matter what we gave away
Was nothing we could keep

Don't matter what we gave away
You know that talk is cheap
Forgive me if I hate you
You're a liar and a thief
But I've got you in the glory place
I got you way down deepYou've got me way down, way way down,
Way way down deep
You've got me way down, way way down,
Way way do
