Something About Him

School Gyrls

I don't know the first thing about love
Haven't really reach that chapter yet
But it's all the little things that he does
I'm about to fall, no safety net
Somebody catch me, losing my breath
He's got a little spell worked up on me
Baby, I'm falling, Mandy, don't call him
They're telling me but there's
Something about him
(I don't know what it is)
I can't lie he's on my mind
Something about him
(I don't know what it is)
Somebody like him is hard to find
He's like the star of my movie
He just does something to me
Can't explain it, can't contain it
I don't know what it is
There's something about him
Maybe 'cause he looks so innocent
I just want to mess him up a bit
They know that I'm all wrapped up in it
Even if I tried I couldn't quit
Everyone's watching, gotta use caution
People wanna chat so aimlessly
Whenever we're talking, I'm getting lost
In everything but there's
Something about him
(I don't know what it is)
I can't lie he's on my mind
Something about him
(I don't know what it is)
Somebody like him is hard to find
He's like the star of my movie
He just does something to me
Can't explain it, can't contain it
I don't know what it is
There's something about him
Something about him

Something about him
Let me tell you something quick about him
All these other girls say there's something slick about him
Why? 'Cause his swags on 100 and climbing
And he got me in this mic booth rhyming
Something about him
(I don't know what it is)
I can't lie, he's on my mind
Something about him
(I don't know what it is)
Somebody like him is hard to find
He's like the star of my movie
He just does something to me
Can't explain it, can't contain it
I don't know what it is
There's something about him
(I don't know what it is)
I can't lie he's on my mind
Something about him
(I don't know what it is)
Somebody like him is hard to find
He's like the star of my movie
He just does something to me
Can't explain it, can't contain it
I don't know what it is
There's something about him
