Charlemagne

Burton Cummings

She got a red dress
Kicking up pretty heels
She's playing the money games
Givin' us men a thrillSpending nights in Sin City
Wearing all the upper class women down
She did not and she could not
Change her name to Jezebel
Well, never once did she try
No, no, no, she couldn't
Change her name to JezebelI got an army then I gave them spears
But then I seize the power
And I went around for a hundred years
I was doin' alrightTaking what I need and what I wanted to
I did not and I could not
Change my name to Charlemagne
Well, never once did I try
But no, no, no, I couldn't
Change my name to CharlemagneSailing up pass Jupiter
Venus in my skies
Well, then I'm heading back for the water
It's coming as no surprise and am I doing alrightThey even gonna check my fingerprints
But I was not and I never could be
Never couldn't be no astronaut
But never once did I try
No, no, no, no
I'll never be no astronautAnd I did not or I could not
Change my name to Charlemagne
No, Charlemagne, yeah, yeah, yeah
