On My Sleeve

Creed

The eyes around me are so cruel
With every chance they steal my soul
So walk with me, talk with me
Hold my hand I'm stumbling in consequence
It buries me alive
Can you fix what's made to be broken?
I can fix what's made to be
My heart is tattooed on my sleeve
I'm not hiding, no, it only hurts to breathe
My heart is tattooed on my sleeve
I know it's blinding, oh, it only hurts to breathe
Standing now, I'm alone
I need answers, tell me everything you know
So heavy is the night
Exhausted, whispers tend to crucify my mind
I'm fighting but I'm blind
Can you fix what's made to be broken?
I can fix what's made to be
My heart is tattooed on my sleeve
I'm not hiding, no, it only hurts to breathe
My heart is tattooed on my sleeve
I know it's blinding, oh, it only hurts, it only hurts
It only hurts to breathe
I shout out, can you hear me?
Mistakes have cost me years
Do they cost you, are you like me?
Tell me please
My heart is tattooed on my sleeve
I'm not hiding, no, it only hurts to breathe
My heart is tattooed on my sleeve
I know it's blinding, oh, it only hurts, it only hurts
It only hurts to breathe
