Imma hog both lanes, take the shoulder (X3)From juggalos to juggalets, from my new news to my vets

I gain from em, they tat a nigga name on em

Yall know krizz, heard him on a couple of features

You seen him in every city, a couple of beaches,

I Hit a couple of beaches, when I was overseas, I think aborigines

Make our music to fly, If you could do it like I,

You see your people divide, can easily have your pick of the litter

Throw you headline and we bigger, welcome to the mid-western kings

Checks and things, blow money on our pinky rings

And we pushin Mercedes, play hot potato with ladies

Greatest, Kallid Baby(Chorus)

Dead wrong, if I take (a life)

If I killed him, would you still love me (Dead Wrong)

Dead wrong, if I took (a life)

If you killed me, then would you tell me

Imma hog both lanes, take the shoulder (X3)
