Here & Now

RJD2

Here and now
And now and now
And now and now
And now and nowHere I am, You made it all so clear
I understand, I am just a stranger here
I leave it all behind, all that's left is gone
And I know about my mind, straight into Your armsHere and now we will stand with one voice hand in hand
We will never back down, we will never give in
Here and now we will sing with one voice and we bring
Our life as an offering we bring You everythingGive me all the depth of the sweetest dreams
Which follow that I see, oh, You are eternal
Where could I, where could I, where could I go
I got You in the light with everybody's side
Lord, it's clear when I needed day and nightSo leave it all behind
To all that's left is gone
And we'll go with all our might
Straight into Your armsHere and now we will stand with one voice hand in hand
We will never back down, we will never give in
Here and now we will sing with one voice and we bring
Our life as an offering we bring You everythingLord, I give my life, no matter what it takes
'Cause You gave it all for me
With all of our hearts we sing, with all of our joy we bring
Everything we will bring, our everything, everythingHere and now we will stand with one voice hand in hand
We will never back down, we will never give in
Here and now we will sing with one voice and we bring
Our life as an offering we bring You everythingHere and now we will stand with one voice hand in hand
We will never back down, we will never give in
Here and now we will sing with one voice and we bring
Our life as an offering we bring You everythingHere and now
Here and now
Here and now
