

# When I Need You

## Julio Iglesias

When I need you  
I just close my eyes and I'm with you  
And all that I so what to give you  
It's only a heart beat awayWhen I need love  
I hold out my hands and I touch love  
I never knew there was so much love  
Keeping me warm night and dayMiles and miles of empty space in between us  
The telephone can't take the place of your smile  
But you know I won't be traveling forever  
It's cold out, so hold out, and do like I doWhen I need you  
I just close my eyes and I'm with you  
And all that I so want to give you  
It's only a heart beat awayIt's not easy when the road is your driver  
Honey that's a heavey load that we bear  
But you know I won't be traveling a lifetime  
It's cold out, so hold out, and do like I doWhen I need you  
When I need love  
I hold out my hands and I touch love  
I never knew there was so much loveKeeping me warm night and day  
When I need you  
I just close my eyes  
And you're right by my sideKeeping me warm night and day  
I just hold out my hand (hold out my hand)  
And I'm with you  
All I want to give youIt's only a heart beat away  
When I need you
