Beaten

Biohazard

Beaten senseless in every way
Life disappears, get's blown away
New world chaos in disarray
A second to die and forever to prayThe time has come to push to fight, to die, to live
This time I take the fall, the fall
Don't sort them out just kill them all
Just never push my back against the wallI'm beaten senseless, violent relentless
No hope defenseless, beaten senselessNow you pushed me over the edge
Can't take it no more, I'm seeing red
Beaten senseless over the head
Never gonna stop until you all are deadNow you pushed me over the edge
Can't take it no more, I'm seeing red
Beaten senseless over the head
Never gonna stop until you all fucking deadVengeance is my only thought
Rage, abuse, the wars I've fought
Self preservation is self taught
Turn your back and you'll be caughtCrushing pain intensity
A violent beating senselessly so cruel, agony
Broken spirit, broken home
A broken man who can not cope with pain, miseryI'm beaten senseless, violent relentless
No hope defenseless, beaten senseless
Beaten senseless, violent relentless
No hope defenseless, beaten senseless
Beaten senseless
