

Landing in London

3 Doors Down

I woke up today in London
As the plane was touching down
And all I could think about was Monday
Maybe I'd be back around
If this keeps me way much longer
I don't know what I would do
You got to understand it's a hard life,
That I'm going through[Chorus]
And when the night falls around me
And I don't think I'll make it through
I'll use your light to guide the way
All I think about is youL A is getting kind of crazy
And New York is getting kind of cold
I keep my head from getting lazy
I just can't wait to get back homeAnd all these days I spend away
I'll make up for this I swear
I need your love to hold me up
When it's all to much to bear[Chorus]And all these days I spend away
I'll make up for this I swear
I need your love to hold me up
When it's all to much to bearAnd when the night falls around me
And I don't think I'll make it through
I'll use your light to guide the wayAll I think about is you[Chorus]
