

Discover Me Like Emptiness

In Flames

I run this world alone
A song stuck in my mind
Are you feeling alright?
Don't mind if you ask me once Discover me like emptiness
A defense for a broken heart
Still offers a smile to the world betrayed Always close to the drop
Disappear with yesterday
Cure this dream that makes me fall Blame me
Escape me
Ss you walked away
Tie me
For my sake
To the dream that haunts you Could never stand the middle
Want to go far and further
But something drags me down
Shapes me
Forms me, into dillusion As I bank other options
Make this picture distant
Signing off
Leave me alone
I blur you into, the never
