

# Turn It On

## Level 42

Reaching to another day  
And the world is just one step away  
Making money, leaving blind  
It's time to change, leave it all behind Turn it on whenever you can  
Turn it on, you know that you can Hear the echoes in you heart  
Tune your mind in, then make a start  
Anything you want to be  
Will soon become reality, then you'll see Turn it on whenever you can  
Turn it on, you know that you can You hit the top, so turn it on  
Don't ever stop, just burn it up, yeah Take a different point of view  
And discover just what you can do  
Getting closer every day  
Now the world is just a step away, don't delay Turn it on whenever you can  
Turn it on, you know that you can You hit the top, so turn it on  
You don't need much to burn it up, yeah [Incomprehensible] Turn it on, turn it on  
Turn it on, turn it on  
Turn it on, turn it on  
Turn it on, yeah, turn it on Turn it on, turn it on  
Turn it on, turn it on  
Turn it on, turn it on  
Turn it on, turn it on Turn it on  
(Turn it on)  
Turn it on  
(Grooving on, yeah)
