

# Follow Through

Gavin DeGraw

Oh, this is the start of something good  
Don't you agree?  
I, haven't felt like this in so many moons  
You know what I mean  
And we can build through this destruction  
As we are standing on our feet[Chorus]  
So, since you wanna be with me  
You'll have to follow through  
With every word you say  
And I, all I really want is you  
You to stick around  
I'll see you everyday  
But you have to follow through  
You have to follow through These reeling emotions they just keep me alive  
They keep me in tune  
Oh, look what I'm holding here in my fire  
This is for you  
Am I too obvious to preach it  
You're so hypnotic on my heart[Chorus] The words you say to me are unlike anything  
That's ever been said  
oh what you do to me is unlike anything  
That's ever been  
Am I too obvious to preach it?  
You're so hypnotic on my heart So since you wanna be with me  
You'll have to follow through  
With every word you say  
And I, all I really want is you  
you to stick around  
I'll see you everyday So since you wanna be with me  
You'll have to follow through  
With every word you say  
And I, all I really want is you  
you to stick around  
I'll see you everyday  
But you have to follow through  
You have to follow through  
You're gonna have to follow Oh, this is the start of something good  
Don't you agree?
