

No Sign of Rain

[Michelle Shocked](#)

When I leave this town you will not see me cry
An East Texas town with all the wells run dry
Looking to the sky, waiting for a change
No sign of rain And if I find life beyond the interstate
Past the rusting rails and the cattle gates
Maybe I will call from a truckstop on my way
I'll say, "Howdy, ya'll, still no sign of rain" Until that day this porch is my highway
I hear trucks roll by fanning my desires
Spitting in the eye of hurricanes
Still no sign of rain
