

# Down On Love

Kelly Rowland

Advisory - the following lyrics contain explicit language:

We want two different things at two different times  
You know how the story goes  
Easy come, easy go  
If I could change everything of our night, I just might try  
But then again You know how it goes  
Make up just to break up  
Fighting in the evening, regret it when we wake up  
True colors get shown feelings change like the seasons  
I had to leave you alone, you gave me too many reasons Tried your love at 5 in the mornin'  
I never thought that you would hurt me  
Yeah baby you showed it I put up with your shit  
Call and I ignore it  
Why you walkin' like it ain't 5 in the morning  
When you know you ain't worthy  
See I just need someone to come and pick me up 'Cause I've been down on love  
Lately  
Lately I've been down on love  
I've been down on love, love  
Lately  
Lately I've been down on love  
You know what they say  
When someone you ?  
Forgot about that old love  
Looking for a new one  
But you know what they say  
Oh don't be looking for love, looking for love  
'Cause when I need it you were around, you just let me down Tried your love at 5 in the morning  
I never thought that you would hurt me  
Yeah baby you showed it, I put up with your shit  
Call and I ignore it  
Why you walkin' like it ain't 5 in the morning  
When you know you ain't worthy

See I just need someone to come and pick me up 'Cause I been down on love  
Lately (oh lately)  
Lately I been down on love (on love)  
I been down on love, love  
Lately,  
Lately I been down on love (down on love) We want two different things at two different times  
You know how the story goes  
Easy come, easy go  
If I could change everything of our lives, I just might try  
But then again Would you do the same?  
Would you give it all up?  
Would I be the only one, callin' out your name?  
Would you return a favor,  
Would you do the same  
Would I be the only one, callin' out your name? 'Cause I've been down on love  
Lately (lately)  
Lately I've been down on love  
I've been down on love, love  
Lately (lately)  
Lately I been down on love 'Cause I've been down on love (I've been down down on love)  
I've been down down on love  
I've been down down on love  
I've been, no no I've been I been down on love, love  
Lately (baby)  
Lately I've been down on love
