Fragile

Phil Joel

Life is fragile
Everybody breaks so easy
Life is fragile
No one is immuneIn the long run
Everyone must take their turn
With this lesson we don't wanna take
But all have to learnAnd I'll stay here with you
Knowing that Jesus is here to carry us through
And all through the night, I'll stay by your side
Until the morning appears and sun and moon collideLife is fragile
Everybody breaks so easy
Life is fragile
No one is immuneOur time betrays us
And our minds, they try to enslave us
But there remains, nonetheless
Perfect hope that will lead us to rest, perfect restAnd I'll stay here with you
Knowing that Jesus is here to carry us through
And all through the night, I'll stay by your side
Until the morning appears and sun and moon collideHe'll carry usI don't know where to begin
I've been thinking about you since this began
Everyday it's the same
Such bitter sweet emotions like tears in the oceanLike prayers of praise and then those tears of rage
I'm calling to you, Lord
Is this a testing of my faith
Still all I know is, you're in controlLife is fragile
Everybody breaksAnd I'll stay here with you
Knowing that Jesus is here to carry us through
And all through the night, I'll stay by your side
Until the morning appears and sun and moon collideLife is fragile
Everybody breaks so easy
