This Flight Tonight

Nazareth

Look out the left the captain said
The lights down there
That's where we'll land
Saw a falling star burnin'
High above the Las Vagas sandIt wasn't the one that you gave to me
That night down south between the trailer
Not the early one that you can wish upon
Not the northern one that guides in the sailorsStar bright, star bright
You've got the loving that I like
Turn this crazy bird around
Should not have got on this flight tonightYou got the touch so gentle and sweet
But you've got that look so critical
Can't talk to you baby you know I get so weak
Sometimes I think love is just mythicalUp there's a heaven, down there's a town
Blackness everywhere and little lights shine
Blackness, blackness dragging me down
Come on light the candle in this heart of mineStar bright, star bright
You've got the loving that I like
Turn this crazy bird around
Should not have got on this flight tonightI'm drinking sweet champagne
Got the headphones up high
Can't numb you, can't drum you out of my mind
And singing, "Goodbye baby, baby goodbye
Ooh, ooh, love is blind"Up go the flaps down go the wheels
Hope you got your heat turned on baby
Hope they finally fixed your automobile
Hope it's better when we meet again, babyStar bright, star bright
You've got the loving that I like
Turn this crazy bird around
Should not have got on this flight tonight
Should not have got on this flight tonight
