

Here We Are (chancer)

Silversun Pickups

Here we are
Underneath a million leaves
In shadows of
Compromising scenes
When I was young
I dreamed this would be
Steamier
But I got one chance to move you
One chance to move you
So here we are
I'm running out
A source to let you down
I can call it all
Or gain higher ground
Look overdrawn
Is all that so round
Is it easier
If it's the right time to lose you
Right time to lose you
So here we are
Here we are
Here we are
Here we are
I got one chance to move you
One chance to move you
Is it the right time to lose you
Right time to lose you
