

For a Minute of Your Time

The Evan Anthem

it's stuck there in my memory
what did you mean that night you had your thought out moment
and the door is shut not to be opened until dark
when you'd be on the right side and its after three
could you care less care more not care at all
i know you mean well yeah i mean well too
this is the first time you showed me how you felt
i know its what you want but shouldn't this be about me
this is the last time i'll give you one more chance
yeah you mean well well i mean well too
it feels like everyone else time went on and on and on
