

# Human Metal

## Rage

[Music: Victor Smolski]

[Lyrics: Peavy Wagner] This is the time, this is the place for me

They brought me back to life again

It was for seen a long, long time ago

I'm coming back, I shall return Everything I've seen

All the places I have been

And the secrets of the earth

Have been given at my birth

I withstand all that's worse I'm human metal, yes, I am real, I'm human metal

I'm human metal and I am made to give you back what you have lost

I'm human metal, yes, I am real, I'm human metal

I'm human metal

And I am made to give you back what you have lost so long ago Organic life is pumping through my veins

A hard drive's working in my head

My ears are trained to catch the tiniest sound

I'm powered by the notes I get Made of blood and steel

A machine but I can feel

Activated by the sound

Of the music that's around

A raging metal pound I'm human metal, yes, I am real, I'm human metal

I'm human metal and I am made to give you back what you have lost

I'm human metal, yes, I am real, I'm human metal

I'm human metal

And I am made to give you back what you have lost so long ago

Made to save your life and make you grow

A majestic symphony is life, so give up misery

Now raise your head and listen what's to come...
