

Bluebird

Mark Knopfler

Got crows in my pasture
Rats in my barn
Crows in my pasture, babe
Rats in my barn
If I was you, little bluebird
I'd up and find another farm I've got nightshade in my meadow
Ragweed in my corn
Nightshade in my meadow
And ragweed in my corn
If I was you, little bluebird
I'd be long gone Yes, I got squirrels in my rafters
Weevils in my hay
Squirrels in my rafters
Weevils in my hay
If I was you, little bluebird
I'd up and fly away
Fly away, baby
