

# Boogie Chillun' (In Concert)

[John Lee Hooker](#)

Well, my mama, she didn't 'low me just to stay out all night long, oh Lord  
Well, my mama didn't 'low me just to stay out all night long  
I didn't care what she didn't 'low--I would boogie-woogie anyhow  
When I first came to town, people, I was  
walkin' down Hastings Street  
Everybody was talkin' about the Henry Swing Club  
I decided I drop in there that night  
When I got there, I say, "Yes, people"  
They was really havin' a ball  
Yes, I know  
Boogie Chillen' One night I was layin' down  
I heard mama and papa talkin'  
I heard papa tell mama let that boy boogie-woogie  
It's in him and it got to come out  
And I felt so good  
Went on boogiein' just the same
