

Piano

Last Days of April

no no nothings here
no no nothings here no
i mean everythings in me
no no nothings here
no no nothings here no
i mean everythings in me
when you dress up in black
when you let them attack
when you close your eyes to all thats bright.
no no nothings here
no no nothings here no
through go through it all
i'll lead you through it all
went through it once of course i can't recall.
i can't recall when i
i can't recall where i
i can't recall how to sew this mess
so through this you will go
and read through all alone
theres noone better no thing than you
theres noone better no thing better than you
theres noone better no thing
its you, you, you.
