In the Moonlight

John Rowles

In the moonlight...
Gettin'. Wind out to get back. It's a...
Steady shore to her land.
It's gettin' closer to the fence.
In the moonlight...
Givin'. Two lost wings.
A beautiful star sea.
A wonderful sense of beauty.
In the moonlight...
It's a love drawn nearer.
Darkened days are spent in.
A night bird is followin' you all the time.

Under a star-lined ceiling...
And darkness, so sleep. Ah,...
Your sense is revealed...
In the moonlight...
It's a love drawn nearer.
Darkened days are spent in.
A night bird is followin' you all the time.
It's a love drawn nearer.
Darkened days are spent in.
A night bird is followin'
you,... it's followin' you.
A night bird is followin' you all the time.
