

# Lightning Man

## Nitzer Ebb

It seems some story was told  
But what is there to tell?  
Well, some song had been sung  
But none of it sings So let's spell it out  
A, B, and C  
Up and down from A is to Z  
You meant zed, you said zed From nothing to something  
And something for nothing  
From no one to someone  
From someone to same Same old thing  
The only way out  
Leads to no way back  
What can you do? Easy, you shove it back where it came  
Easy, you never let yourself down So you got up and you ran  
And you run to get up through Chinatowns  
To slip right down  
Soho's a town in every downtown Drinking friends who've drunk in bars  
Whose drunken friends in drinking bars  
Waiting for the lightning man to strike Icing on your cake  
Well, if I knew you were comin'  
I'd cut you a piece Baby, come to daddy  
Baby, come to daddy  
Baby, come to daddy Daddy's come to baby  
Daddy's come to baby  
Come to daddy, baby  
Baby, come to daddy Easy, you shove it back where it came  
Easy, you never let yourself down You better be careful out there  
You be careful out there  
You better be careful out there  
You be careful You ain't gonna get far  
You better be careful out there  
You ain't gonna get far  
You ain't gonna get far You be careful out there  
You ain't gonna get far  
You ain't gonna get far  
You be careful out there You better be careful out there  
We're gonna pluck you off  
You better be careful out there  
You ain't gonna get far You ain't gonna get far

We're gonna pluck you off  
We're gonna pluck you off  
We're gonna pluck you offBaby, come to daddy  
Daddy's come to baby  
Daddy's come to baby  
Come to daddyCome to baby  
Baby, come to daddy  
Daddy's come to baby  
Come to daddyEasy, you shove it right back down  
Easy, you never listen to this
