

Miss Your Kiss

Tamar Braxton

Can't wait to see you boy
Cause you know it's been a while
Since we've had the chance
To do what we do
I'm ready to give you what'chu like
Lying under the moonlight
How soon can you get here?
Cause I'm ready to play, ooh yeah
1 - I'll light fifty candles
Around my bedroom
A romantic interlude's instore
Just walk through the door and
2 - Don't rush take you're time
We've got a night
So many things we're gonna do
I'm ready too, I'm ready
I miss your kiss
Make love to me tonight
I won't be shy

So many things I wanna do
I'm ready too, I'm ready
I miss your kiss
?

Anticipation's killing me
Everything is ready
Just need you here, oh
Can't wait till our lips meet
?

I'll do anything, anything you please
Tonight
Repeat 1
Repeat 2 (2x)
Repeat 1
Repeat 2 till end
