

# It Kills Me

## Cub Sport

I found love on the Westcoast  
I was living in real time  
There's a haze over Silver Lake  
And it felt like yours  
And it felt like mine I found love on the Westcoast  
I was living in real time  
There's a haze over Silver Lake  
And it felt like yours  
And it felt like mine Everyone wants to see you  
Everyone cant say no  
No one ever wants to need you  
No one ever let you go I found love on the Westcoast  
And it felt like yours  
And it felt like mine What am i supposed to do now  
With everyone saying no  
I know you want to make me simmer  
When it's time to go  
What are we supposed to do now  
With everyone saying no  
I know you want to make me simmer  
When it's time to go It felt right on the Westcoast  
We were flying every night  
Like a halo shining through the break  
It felt like yours  
It felt like mine It felt right on the Westcoast  
We were flying every night  
Like a halo shining through the break  
It felt like yours  
It felt like mine Everyone want to see you  
No one can say no  
No one ever want to need you  
No one ever let you go I found love on the Westcoast  
It felt like yours  
It felt like mine What am i supposed to do now  
With everyone saying no  
I know you want to make me simmer  
When it's time to go  
What are we supposed to do now  
With everyone saying no

I know you want to make me simmer  
When it's time to go Everyone want to see you  
No one can say no  
No one ever want to need you  
No one ever let you go I found love on the Westcoast  
It felt like yours  
It felt like mine What am i supposed to do now  
With everyone saying no  
I know you want to make me simmer  
When it's time to go  
What are we supposed to do now  
With everyone saying no  
I know you want to make me simmer  
When it's time to go
