

Another Shot Of Life (bonus track)

Helloween

I am no stranger to darkness
I am no stranger to pain
I had to suffer 'till I went insane
Learning from pain and from heartaches
How to forgive and forget
Never give up 'cause life goes on again Pushed all around I can't take it no more
Don't tell me how to behave
Won't hide away I can make it for sure
I will survive, I will live my own life Shot of life
I will take another shot of life
I played my pride
There's no place to hide for me
Shot of life
I will take another
Shot of life
Shot of life
'Till I find my destiny If you feel strange and emotional
Carrying the weight of the world
Open your soul and let the spirit in It's not the end of the rainbow
It's not the end of the line
Your time will come and you will rise again Pushed all around I can't take it no more
Don't tell me how to behave
Won't hide away I can make it for sure
I will survive, I will live my own life Shot of life
I will take another shot of life
I played my pride
There's no place to hide for me
Shot of life
I will take another
Shot of life
Shot of life
'Till I find my destiny Shot of life I'm leaving all my pain away
My sorrows are not here to stay
Tomorrow comes another day
Another hope, another try Shot of life
I will take another shot of life
I played my pride
There's no place to hide for me
Shot of life

I will take another
Shot of life
Shot of life
'Till I find my destiny
