

# Sleep Don't Weep

[Damien Rice](#)

Sleep, don't weep, my sweet love  
Your face is all wet and your day was rough  
So do what you must do to find yourself  
Wear another shoe, paint my shelf  
It's times that I was broke and you stood strong  
Think I found a place where I  
Sleep, don't weep, my sweet love  
Your face is all wet 'cause our days were rough  
So do what you must do to fill that hole  
Wear another shoe to comfort the soul  
It's times that I was broke and you stood strong  
Think I found a place where I feel I will  
Sleep, don't weep, my sweet love  
My face is all wet 'cause my day was rough  
So do what you must do to find yourself  
Wear another shoe or paint my shelf  
It's times that I was broke and you stood strong  
I hope I find a place where I feel I belong  
Sleep, don't weep, my sweet love  
My face is all wet 'cause my day was rough  
Don't weep, my sweet love  
My face is all wet 'cause my days were rough
