Teefus

300 Rez & Dk Guwop

[Hook]
Dropped out of college didnt need it
We spend that money for no reason
I told my mom she wont believe this
I spent 500 on my Teefus

Dropped out of college didnt need it
We spend that money for no reason
I told my mom she wont believe this
I spent 500 on my Teefus

[Verse 1: 300 Rez]
Spent 500 on my teeth I got fetty
You can get some gold teeth when you ready
Your baby momma calling me sexy
Ooooh
I'm a menace, 2k to my dentist
I got gold teeth, whats a cavity
And I get hoes, its a stragety
Guwop's open face, cost ya salary
I got hoes in Venice
Get my golds from Memphis
Racket on me
And I aint playin tennis
And my swag from Venus,
Invested in some golds now these hoes on my penis
Yae, and I might switch it up, and get the open face
My mouth too dirty it might catch a case
And Guwop put me on,
I'm inches away from getting some stones

[Hook]
Dropped out of college didnt need it
We spend that money for no reason
I told my mom she wont believe this
I spent 500 on my Teefus

Dropped out of college didnt need it
We spend that money for no reason
I told my mom she wont believe this

I spent 500 on my Teefus

[Verse 2: DK Guwop]
Guwop just bought a pair of sneakers
Then double tax you for that feature
If you dont relax you gone meet Jesus
We in all black and we tote straps in our Evisu's
Nawl foreal I got on skinny jeans
I glazed my wrist like Krispy Kreme
Hot n ready, hot spaghetti
I popped a molly and now I'm sweating
WOO
It's all gold everything on my body
Still living at my momma house
But I can write a check and make the bank bounce
My gold teeth, they shining
You know me, I'm smiling
I wanted that check so I had to get it
Its gold on my fronts on my back is my city
I shit on your life man you have to forgive me
Cant wait for the day that I aint pinchin pennies
Cant wait for the day that my lifestyle be different
I had to say goodbye to my dentist
And when I'm 80, Ima put some gold all in my dentures
I'm concieted so its gold all in my pictures
Lola Bunny keep on staring at me
I opened up my mouth is 24karots (carrots)

[Hook]
Dropped out of college didnt need it
We spend that money for no reason
I told my mom she wont believe this
I spent 500 on my Teefus

Dropped out of college didnt need it
We spend that money for no reason
I told my mom she wont believe this
I spent 500 on my Teefus
