

Perfect OK (feat. Reggie Watts)

Hey Marseilles

The clocks on the wall are fast
I'm aiming to be the last
If only to see
How everyone leaves
The time that we've started with has mostly been useless
We never did think to try not to blink All in all we'll find
The perfect OK lie Leave what we know
Find what we're after
Live while we're young
And don't need the answers
Leave what we know
Find what we're after
And I'll lead the way into ever after
All in all we'll find
The perfect OK lie I'll ask you to follow me
To move near the city
To share our commute
And save for more room
On weekends we'll stay inside
Listen to modern life
Clean all our things
And temper our dreams All in all we'll find
The perfect OK lie Leave what we know
Find what we're after
Live while we're young
And don't need the answers
Leave what we know
Find what we're after
I'll lead the way into ever after
All in all we'll find
The perfect OK lie When the black and white fades
To and effortless grey
I will be beside you
When the days turn to years
I will be here And we withstand
And we withstand
One day it will be the same metal as today Leave what we know
Find what we're after
Live while we're young

And don't need the answers
Leave what we know
Find what we're after
I'll lead the way into ever after
Leave what we know
Find what we're after
Live while we're young
And don't need the answers
Leave what we know
Find what we're after
I'll lead the way into ever after
